

Amendments to the Drawings

The attached Replacement Sheets 1-6 of drawings replace all of the ten previously submitted sheets of drawings. The drawing changes are explained in the Remarks section below. The Replacement Sheets are attached.

Remarks

Corrected drawings are required by the PTO-1631 Notice of Drawing Inconsistency with Specification mailed October 16, 2006.

Sheets 7-10 were inadvertently included with the new set of drawings filed on December 19, 2005. Responsive to the Notice mailed October 16, 2006, these sheets are now being deleted without replacement. Sheets 1-6 have been amended to change the sheet numbering (from 1/10, 2/10, 3/10, 4/10, 5/10, and 6/10 to 1/6, 2/6, 3/6, 4/6, 5/6, and 6/6) to eliminate the former reference to a total of ten sheets. No other changes to the drawings have been made, and in particular no new matter has been added.

In the specification, Paragraphs [0029] – [0036] refer to drawing Figures 1-6, and sheets 1-6 have the corresponding drawing Figures. The specification and drawings are thus now consistent.
